

## **DISC Acquired by Oliver Printing & Packaging**

HAUPPAUGE, NEW YORK, January 4, 2019

DISC, a leading manufacturer of high quality folding carton packaging, micro-fluted corrugated boxes and pressure sensitive labels, serving the pharmaceutical, health & beauty, food and beverage, and consumer products markets, has been acquired by Oliver Printing & Packaging (Oliver), with funding provided by the private equity firm, Pfingsten Partners. "We are thrilled to be part of Oliver," said Don Sinkin, CEO of DISC. "Although the reason to join with Oliver was grounded in our desire to expand, more importantly we found a partner with similar values and organizational culture. Together, we will be able to better serve our combined customer base with additional resources, equipment and capabilities."

The DISC transaction represents Oliver's second strategic acquisition and aligns with their strategy to create a leading provider of innovative, high quality packaging solutions. In August 2017, Oliver acquired Pohlig Bros. Packaging, based in Richmond, VA. According to Dan Rodenbush, President/CEO of Oliver, "the DISC acquisition will greatly strengthen our platform, bringing new markets, customers, capabilities and capacity. Oliver, Pohlig and DISC are highly complementary with similar customer-centric cultures and market-leading production capabilities."

The transaction closed on December 31, 2018. To learn more about Oliver, Pohlig, or DISC visit: [www.oliverprinting.com](http://www.oliverprinting.com), [www.pohlig.com](http://www.pohlig.com) and [www.discgraphics.com](http://www.discgraphics.com).

### About DISC

DISC is a leading producer of packaging and print for the beauty, healthcare, private label, entertainment media and consumer products industries. Headquartered in Hauppauge, NY, DISC is a privately held company with locations in California, New Jersey, and New York. FSC®, SFI® and PEFC™ Chain of Custody certified and an EPA Green Power Partner, the company promotes sustainable packaging practices through its DISCover Green program and manufactures under strict compliance to ISO 9001:2008 and FDA GMP standards. DISC offers a range of advanced capabilities for prepress and design services, digital, flexo and offset printing, and finishing and converting for paperboard, plastic and mini-flute corrugate packaging as well as pressure-sensitive and extended-content labels.
